

Getting on a stage (M. Nizzetto / A.Milanese)

Wonder
this feeling
Yes, this sentiment makes me thrilling
there's no place
in the world that makes me feel so good

When the drum counts
my heart beats
no, I look around and don't see nothing
now it's time
music on this stage begins to play
I know we'll find out somethin' new

That's my life
getting on a stage and forgetting
that it's just a game
but emotions are what we need

Wonder
this feeling
Yes, this sentiment makes me thrilling
there's no place
in the world that makes me feel so good.
